---

### Profile

---

UX/UI Designer with 3+ years of experience designing user-centered digital products and scalable design systems. Skilled in Figma, Adobe XD, and Framer with a strong background in usability testing, accessibility (WCAG), and design thinking. Adept at collaborating with international cross-functional teams in Agile environments, presenting directly to stakeholders, and leading projects from discovery to delivery. Proven record of delivering measurable results, including reducing booking times by 30% and increasing site engagement by 15%.

---

### Experience

---

#### AmaliTech/ Associate UI-UX Designer

2024 - PRESENT

- Led redesign of company website and CMS with another designer
- Created a fully documented design system and flexible CMS components
- Ensured WCAG-compliant accessibility across all modules
- Improved engagement with a 15% increase in time spent on site
- Enabled editors to manage content easily through modular design

#### AmaliTech/ JA UI-UX Designer

2023 - 2024

- Contributed to multiple product teams as a UI/UX designer and interaction designer
- Supported accessibility-focused mobile app development
- Designed user management and asset tracking platforms

#### Freelancer

2022 - 2023

- Delivered design solutions for startups and NGOs
- Conducted user research and created wireframes and prototypes
